Marbleplay

Вечная элегантность самых изысканных мраморов встречается современный дизайн в серии Marbleplay сверхпрочного керамогранита для напольных покрытий и монопороза из белой глины для облицовки.

Восемь различных мраморов в форматах 60x120 и 60x60 в матовой отделке и 58x116 и 58x58 в версии Lux взаимодействуют с шестью изысканными покрытиями в формате 30x90. Глянцевая поверхность покрытия обогащена трехмерными структурами и геометрическими декоративными решениями, которые вступают в гармоничный контраст с мраморными прожилками, определяя новую современность.
